

Brownsville ISD – An Early College District

Rivera Early College High School

Department Chair Meeting – F100

August 29, 2019 from 8-8:30am

Agenda

Congratulations to Jessica Mazone's Space Settlement Design Tournament students!

The students were randomly mixed into four companies with representation from all seven BISD early college high schools. Students worked from Friday evening until Sunday morning on their business proposals. The four companies then presented to a panel of judges with real backgrounds in space-related science, engineering and business fields. The winning proposal was submitted by "Grumbo Corporation" under Chief Executive Officer Hayley Spears, a production engineer with the Dow Chemical Company and alumni of the International SSDT. The students who were members of this company will be traveling to the Johnson Space Center during the fall to present their design proposal and tour the facilities as part of the BISD agreement with Expanding Frontiers for coordinating the event.
